

OLDER ADULTS NEEDED FOR RESEARCH ON CHRONIC PAIN

**DEPARTMENT OF PSYCHOLOGY
3737 WASCANA PARKWAY
REGINA, SK CANADA S4S 0A2**

We are looking for Canadians living with chronic pain who are at least 65 years of age to take part in a study examining the role of adversity and resilience in the experience of pain.

As a participant in this study, you would be asked to complete a series of anonymous self-report questionnaires.

Your participation would involve 1 session of approximately 20 minutes.

In appreciation for your time, you will be entered into a draw for a chance to win 1 of 10 gift cards of \$50.

TO GET INVOLVED IN THIS STUDY, PLEASE FOLLOW THESE STEPS:

- 1. Go to <https://bit.ly/arc-chronic-pain> or scan the QR code to the right.**
- 2. Answer a few questions to determine if you are eligible.**
- 3. If you are eligible, you will be asked to complete a series of anonymous self-report questionnaires.**

For more information about this study, please contact the Aging, Residents, and Caregivers (ARC) Research Unit at arcresearch@uregina.ca.

This study has been reviewed and received approval through the Research Ethics Board at the University of Regina.
