Why Use CORE?

- Collaborate on issues
- Share information & resources
- New events & sector news
- Network with others
- Build your capacity
- PD Trainings and events
- Find resources/research quickly!
- Funding opportunities
- Be a part of a provincial group

- 17 Groups working on different areas of interest provincially and nationally
- Communities of Practice
- Diverse representation on critical issues
- Leadership opportunities available
- General Group Members welcome!

A few of our groups are looking for group leaders from across the province!

Current Callouts:

- **Immigrant Senior Sector Connections group** is a few months old and is building their Alberta footprint. If you serve immigrant older adults, we are looking for your voice as a general member, occasional volunteer, or even a group (co)lead!
- **Food Security group** has had capacity changes this year and is looking for more group (co)leads to support the current group leads.
- **Social Connection, Wellness, and Mental Health group** has had capacity changes this year and the current leads can no longer run the group. This valuable and dynamic group is looking for new leads to take the reins.
- **Emergency and Disaster Preparedness group** has had capacity changes this year and the current leads are retiring. With this ever increasing issue, this important group is looking for new leads to step in.
- **Intergenerational CoP group** is building a National Collaborative. If you do intergeneration work on a provincial or national level, we are looking for new members!

We need you!

Whatever your capacity level, there is a place for you on CORE Alberta.

If you would like to talk more about group leadership, please email:
